

four-wheel drive tagalong adventures and training

- We've been operating tours into outback Australia for many years.
- Our 4WD and off-road camper trailer training give our clients the skills to safely explore remote areas with confidence.
- We take the worry out of trip preparation.
- Our local knowledge adds to your appreciation of the rugged and beautiful places we visit.

Join us for a memorable journey.

Red Earth Expeditions

We specialise in small group tag-along tours and one-to-one training. Think of us as your personal 4WD trainer and tour guide.

Join us to learn new four-wheel drive and recovery skills, have a weekend away or for one of our tag-along tours. Our training covers various topics including introductory and advanced driving, recovery skills and how to set up and safely use your off-road camper trailer.

Our tours are designed to provide you with the opportunity to relax and enjoy the scenery and build on the driving skills you learnt by attending one of our training courses. We have extensive local knowledge of the places we visit and taking small groups makes each adventure a very personal event. Every day brings something new, perhaps a challenge or a chance to learn but, above all, it will be fun.

Why would you consider a tag-along tour?

Put simply, you can leave the planning, organisation and worry to us. All you need to do is concentrate on enjoying the opportunity to travel in and experience our wonderful Australian outback. We provide comprehensive trip preparation information, expert guides and communications and recovery equipment vital for safe remote-area travel. Our focus is to ensure you have the holiday of a lifetime: after all, that's why you are joining us, isn't it?

For those with a special interest or who want a personalised itinerary, we can help you with anything from basic planning and an itinerary to a fully escorted event led by one of our guides.
